

HEALTH, SAFETY & ENVIRONMENT POLICY

Almabani General Contractors Company (AGC) will conduct its activities in a manner, which preserve, as much as possible the health and safety of its employees, and any third party who may be affected in any way during the course of its operations.

AGC will conduct its activities in a manner which, so far as is reasonably practicable, avoid disturbance to the environment and, if such does occur as a result of its undertakings, will initiate every effort to restore the environment to its former condition.

AGC commitment in environmental preservation is strongly reflected in its on-going efforts to minimize or control waste and encourage recycling.

In all of its endeavors, AGC, will adhere to the laws and regulations of the Kingdom of Saudi Arabia and respect its people, customs, and practices.

AGC believes:

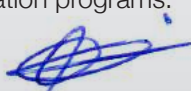

That health, safety and environment preservation are equally as important as any other business activity.

That accidents, injuries and environmental disturbance are preventable and unacceptable.

That health, safety and environment preservation are line management responsibilities.

That everyone is responsible for their own safety and safety of their colleagues at work.

AGC will pursue the concepts of this Health, Safety and Environment Policy through its procedures, Health, Safety and Environment Policy plans, visible management and supervisory commitment, and through the inclusion of these concepts in its training, communication, awareness and motivation programs.
